**GIVE YOUR STOMACH
A NICE VACATION**

[illegible]

"What I had to literally force down and that was a source of misery as I had a sour stomach much of the time. My head ached. I was sluggish and began to lose my ambition to carry out my undertaking. It looked pretty gloomy for me and I confided my plight to one of the old clergymen who had been suffering from Dyspepsia Tablets and at once went down to a drug store and brought a box up to the office."

"I had not taken a quarter of that box before I found that they would do all the work my stomach ever did; and as rest or vacation was out of the question, I was able to continue to give my stomach a vacation. I kept right on taking the tablets and braced up and went ahead with my work with renewed vigor, ate just as

much as I ever did and carried out that undertaking to a successful issue. I feel that I have Stuart's Dyspepsia Tablets to thank for saving me the hand-some fee I ever received as well as my reputation and last but not least my stomach."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

ITCHING, BLEEDING ECZEMA WAS CURED

**By Cuticura After 5 Years of Suffering Beyond Description —
Thought Death was Near —
Calls Cure Wonderful.**

No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for

what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this epidemic. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without

success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment.

"I continued with the Cuticura Soap and Cuticura Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. This was nine years ago and I have had no return of the trouble. Any person having doubt about this wonderful cure by the Cuticura Remedies can write to my address, Mrs. Allie Eaton, 93 Inn Road, Battle Creek, Mich., Oct. 16, 1909."

Cuticura affords the most economical treatment for affections of the skin and scalp, from infancy to age. A cake of Cuticura soap and box of Cuticura Ointment are often sufficient. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

SIX-DAY BICYCLE RIDERS CLASH AT THE ARENA TODAY

PORKY FLYNN BEATS BARRY

From a letter to a mathematician in a day, that's the story of Porky Flynn, the six-day bicycle rider who has just won the title of "Mr. Flynn of Boston" after a three-day race against Barry. The race was held at the Boston Athletic Association last night. At the time of going to press Barry was still trying to figure out how to win the race. Barry was a professional cyclist and was known for his speed. Flynn was a local rider and was known for his endurance. The race was a grueling one, with both riders pushing themselves to the limit. Flynn's victory was a surprise to many, as Barry was the favorite. The race was held at the Boston Athletic Association and was attended by a large crowd of spectators. The race was a success and both riders were praised for their performance.

Draper's Share in Attempted Raid on People's Savings

Another Important Reason Why the Present Republican Governor Should Be Defeated—The Story of the New Haven Conspiracy

The counts in the indictment against Governor Draper are not all enumerated when he is charged with aiding and abetting the high cost of living, with vetoing the eight-hour labor bill, with opposing the income tax, with opposing the right of the people to vote directly on their laws, with opposing the election of United States Senators by a direct vote of the people, and with propping the Lodge Machine.

He was guilty this year of a conspiracy with the New York, New Haven & Hartford Railroad to break down the safeguards around the savings of the poor, which Massachusetts has for years maintained.

No other public man ever dared publicly to attempt such a thing before; and this conspiracy miserably failed because the members of the Legislature dared not follow where Governor Draper had the effrontery to lead.

This is the story of an attempt by the Governor of Massachusetts to permit a railroad seeking a railroad monopoly and needing money to finance the aggrandizing scheme, TO USE THE SAVINGS OF THE POOR AND THE FRUGAL FOR THIS EVIL AND UNLAWFUL PURPOSE.

The Legislature was pliant enough to follow the lead of Governor Draper into a sanction of the monopolizing scheme itself; but Mr. Draper could not persuade them to consent that the hard earned money which the poor people had deposited in the savings banks, should be loaned to aid in any such business.

These are the facts:

The New Haven Railroad wanted to establish a railroad monopoly in New England. The Boston & Maine was marked as its victim. The law prohibited the plan, because years ago the people of Massachusetts learned the evil results of a railroad monopoly. But the New Haven, relying upon the power of its money and its control of Lodge Draper and other Republican politicians, deliberately proceeded to violate the law by acquiring control of the Boston & Maine.

Then, justifying its belief that it was above the law, the New Haven, assisted by Draper, and upon the representation that it would improve the Boston & Maine, obtained the legislative sanction of its unlawful conduct.

IT WAS AT THIS JUNCTURE THAT GOVERNOR DRAPER JOINED IN THE RAID UPON THE SAVINGS OF THE POOR PEOPLE OF MASSACHUSETTS. Governor Draper and the New Haven had represented that the railroad was a financially powerful corporation, and that it could, and would, spend millions to improve the Boston & Maine.

With these arguments they persuaded many of the honest members of the Legislature and with other arguments they persuaded the rest.

But this was a railroad promise meant to be kept as railroad promises to the public are usually kept, by keeping it. To the ear and breaking it to the hope.

The moment the New Haven secured the right to retain its control of the Boston & Maine, Mr. Mellen declared that it must be allowed to use the deposits in our savings banks, before it would spend any money on improvements. IN OTHER WORDS, THE NEW HAVEN NOW PROPOSED TO MAKE THE PEOPLE OF MASSACHUSETTS, OUT OF THEIR SAVINGS, DO WHAT IT HAD PROMISED TO DO OUT OF ITS OWN FUNDS.

Governor Draper thereupon sent a message, during the early part of this year, to the Legislature urging that the law be repealed which prohibited the use of the people's savings in such a speculation. This message proposed that the money of the savings banks should be employed to finance a new and strange corporation, called a Holding Company, whose only asset was some stock in the Boston & Maine.

The officers of the Savings Banks, charged with the duty of protecting its funds, read this message with astonishment. They went before the Legislature and protested against it.

Ex-Governor Guild denounced it as the "Raider's Assault." Joseph Walker, Speaker of the House, denounced it. The public indignation rose steadily. The proposal had no defenders. Governor Draper stood alone. The railroad became frightened and abandoned the plan and the Governor trailed along after it.

Mr. Draper succeeded in doing the people of Massachusetts no harm by this act. But if he had done no other thing which deserved reproach, this act alone ought to bring down upon his head a great weight of public indignation and contempt. It throws a clear light upon his character, and upon his notion of what is tolerable in the conduct of a Governor of this Commonwealth.

There is something in the situation of Governor Draper, something in the independence which his great private fortune gives him, his freedom from all the temptations that beset poor men in high public office; his opportunity to be patriotic without self-sacrifice which makes his slavish service to the strong against the weak, to the few against the many, to the rich against the poor, utterly contemptible. HE BELONGS TO AN OLD ORDER OF THINGS, AND HE IS PASSING OUT.

Religious Persecution in Portugal

A Letter from a Portuguese Citizen

Copyright, 1910, by American Journal Company

Cambridge.

Editor Boston American:

I read your article on Religious Intolerance in Portugal.

The government has persecuted the Catholic religion in Portugal not for their dogmas or beliefs, but for their interference in the establishment of the republic.

The priests and nuns are enemies of progress and liberty, and in a Catholic country it is impossible to have a republic with those enemies who always are advising the people against government. Yours very truly,

EVARISTO HURTADO.

If, as may be inferred from the above letter, the writer is a citizen of the Portuguese republic, one is, of course, bound to admit that he knows more about his country than the Boston American can possibly know. At the same time, while congratulating the writer sincerely upon the action of his countrymen in throwing off the monarchical rule, the Boston American feels justified in repeating that religious persecution in any form, from any source, is a crime, and, as a very well-known man has said, something "worse than a crime, a blunder."

Republican Efforts to Make "Dickers" for Office Under Foss

Of Course, He Will Not Promise to Re-appoint O'Meara and the Present Licensing Board—It Will Be Foss's Duty to Name New Men.

The Republican Transcript has practically given up hope of re-electing Governor Draper and for the last few days has been busily engaged in trying to make Republican "dickers" with Mr. Foss to retain some of the present officials in office.

The Transcript is very anxious that Foss, who seems certain to be elected Governor, shall in advance pledge himself to re-appoint Stephen O'Meara, at the head of the police department and re-appoint also the present members of the Licensing Board.

The Transcript apparently is anxious to save something out of the Republican wreck. And its anxiety extends to Republican control of these two important bureaus.

IF FOSS IS ELECTED GOVERNOR OF MASSACHUSETTS, IT WILL BE BECAUSE THE PEOPLE OF MASSACHUSETTS WANT A CHANGE IN THE OFFICE OF GOVERNOR AND A COMPLETE CHANGE IN THE POLICE COMMISSION AND IN THE LICENSING BOARD.

Of course, Foss will not promise in advance to the Transcript or any of the Republican managers that he will re-appoint O'Meara or the present Licensing Board, because these two departments, as at present constituted, are RESPONSIBLE FOR MORE OF THE EVIL INFLUENCES IN BOSTON THAN ANY OTHER TWO AGENCIES.

The Licensing Board, it has been proven again and again, is not enforcing the law in the matter of issuing licenses, and it has been satisfactorily shown that dive-keepers with a "pull" have been able to get licenses when reputable persons have not.

The Licensing Board as at present constituted is a menace to civic improvement. It should be the duty of Governor Foss to get rid of the present membership as quickly as possible.

Mr. O'Meara, it has been pointed out in the American time and again, is not the right man to be in charge of the police department. There is no question as to his honesty, but his management of the police department shows that he has no idea of how that important arm of government should be managed.

He is rich and aristocratic—a man entirely out of sympathy with the people with whom policemen have to deal every few minutes of the day. He knows nothing about police problems. He is not in any sense a policeman himself. He has not one single qualification that fits him to hold his present important position.

The police department, like the Licensing Board, is CONDUCTED IN SECRET as Mr. O'Meara and the Licensing Commissioners choose.

There is not a single private citizen in Boston who can truthfully tell how the police department is managed, and it is almost next to impossible for a citizen making a complaint to get a respectful hearing, much less redress, from the present police officials.

Trials of policemen are in secret, appointments are made in secret, and the public is curiously told that it is none of their business why or how O'Meara and his men act.

This newspaper has no candidates for appointive office under Foss or any other man who may be elected at any time in this Commonwealth. It is of no importance to this newspaper who Mr. Foss appoints, so long as he names men who are honest and capable and willing to serve the public interests. These new appointees must take down the bars of secrecy and let the public know how their money is being spent and how the various departments are organized and managed.

PUBLICITY IN THE POLICE DEPARTMENT WILL MAKE FOR A BETTER POLICE ORGANIZATION. Every policeman and every official will get his own meed of praise for meritorious work and those who are negligent and unfaithful will quickly be discovered and their removal will follow in due season.

In all the great police departments of the world—in New York, Chicago, London, Paris, Berlin—the public is free to come and go, to hear all complaints made by citizens and the proceedings of trials of policemen.

ONLY IN RUSSIA AND IN BOSTON ARE POLICE DEPARTMENTS CONDUCTED IN SECRET.

O'Meara has arrogated to himself a plan of secrecy that was never contemplated by the Legislature.

Even if Governor Draper should be re-elected he would be doing the city of Boston a great service by appointing some one other than O'Meara.

The members of the new Licensing Board should be men above suspicion—men who can neither be bought nor intimidated with a political "pull," and men who will be ready to DO THE PUBLIC'S WORK IN PUBLIC!

Mr. Foss is very wise not to make any Republican dickers for office with the Transcript or any other hanger-on in politics.

Hurrah for Old New England

A school song of a generation ago which 600 children will sing in Boston's 1915 pageant

It is in our own, our native home,
And her cloud-capped granite hills.
Though poor and rough she be;
The home of many a noble soul,
The birthplace of the free.
We'll love her rocks and rivers,
Which hardly half repeats for
Our native time and toff;
Yet only sings the merry boy
As the homestead farm he tills;
Hurrah for old New England,
And her cloud-capped granite hills!

CHORUS:
Hurrah for old New England,
And her cloud-capped granite hills;
Hurrah for old New England,
And her cloud-capped granite hills!

Others may seek the western clime,
They may 'tis passing fairs,
That sunny are its laughing skies
And soft its balmy air;
We'll linger around our childhood's home
'Till we are old New England,
And sleep beneath her hills.
